Dilco® 11" x 14" Counter Card Template

Do not scale or change your Dilco template. And make sure to keep it on its own layer.

Make sure all graphics stay within Dilco template Dieline so they aren't cut off. Leave a little "breathing" room inside Dieline.

Proof-read your text!  
Dilco is not responsible for errors.

Your background color and/or image needs to go up to or beyond the Bleed Line on Dilco template.

Don't merge or flatten layers. The Dilco Art Dept. needs all layers separate and intact.
