## Dilco® 2.4" x 4.8" Double-Round Bottle Necker Template with 1.5" Hole Diameter

Make sure all graphics stay within Dilco template Dieline so they aren't cut off. Leave a little "breathing" room inside Dieline.

Do not scale or change your Dilco template. And make sure to keep it on its own layer.

Don't put graphics here. This will be where hole is cut out to fit over bottle neck.

This is your score line where bottle necker will bend to follow contour of bottle.

Your background color and/or image needs to go up to or beyond the Bleed Line on Dilco template.

Proof-read your text! Dilco is not responsible for errors.

 **Dieline**  
This is where artwork will be cut off

 **Bleed Line**  
Background must come to this line

Don't merge or flatten  The Dilco Art Dept. needs all layers separate and intact.
